

CURVED

Floating Curved Troffer

Designed to deliver an unprecedented uniformity and functionality, this floating curved troffer features a compact yet sturdy aluminum construction designed to blend into modern architectural spaces. Featuring a low profile form factor, it is ideal for buildings with a low plenum space and is suitable for all standard grid ceilings. The specification grade TR Series is available in 2x2, 2x4, 1x4 sizes and perfect for offices, schools, and healthcare applications, goes beyond what was previously possible with traditional LED luminaires.

Original & Innovative Design

Designed from the ground up in OKT, this curved luminaires carry the meticulous processes of research, design, and engineering that is inherent to all specification-grade fixtures from OKT Lighting. This domestic design process allows us to deliver top quality fixtures, ensuring high-grade componentry and support from a team that truly cares about the product we build.

Performance

The CURVED series provides quiet and smooth illumination for visual comfort while maximizing efficiency.
