

ZETA SLIM

by OKT
LIGHTING

The right light
brings fun to life

1.3" Width

Creation of
streamlined
shapes and patterns

DEFINE AND **DIFFERENTIATE**

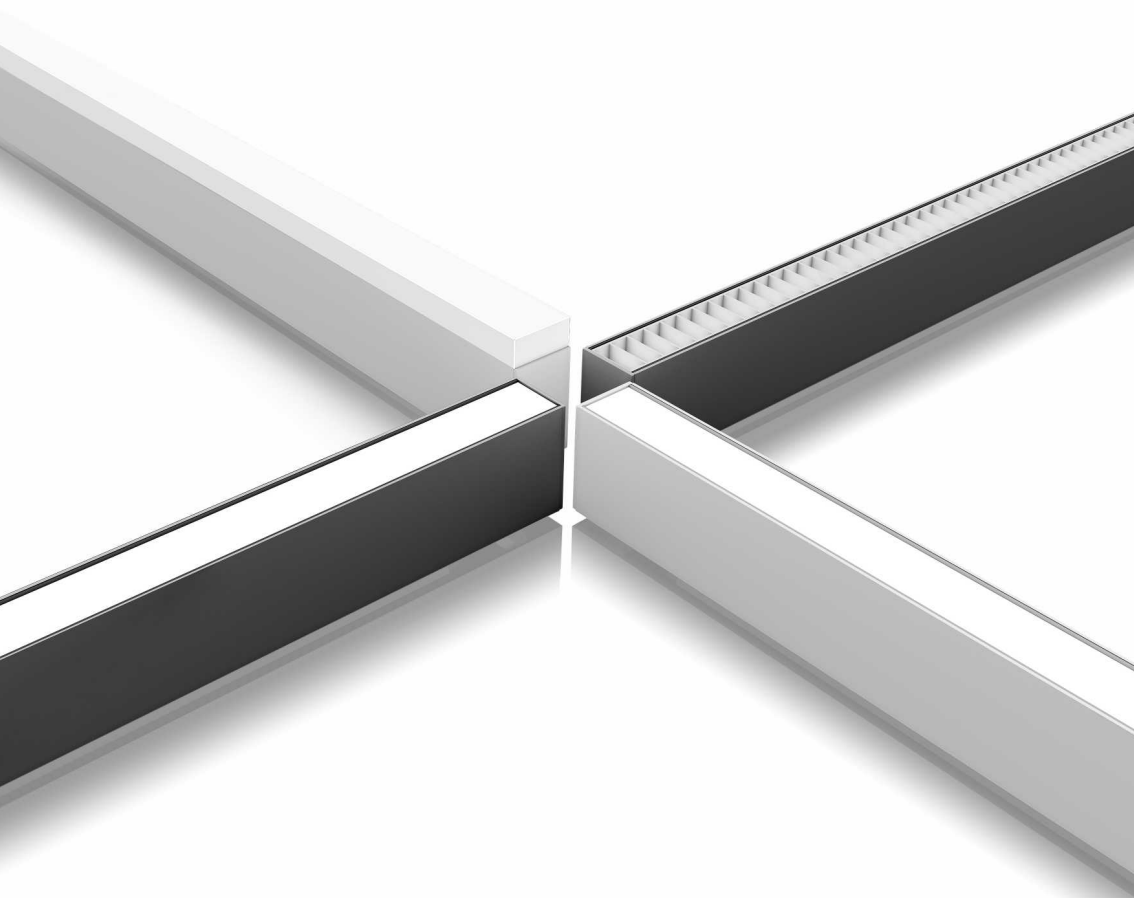

OKT Lighting is a known brand in North America widely recognized for its innovative LED lighting solutions with reliability, visual appeal, and high performance. Now, we have made it even easier for you to choose the right lighting solution without investing considerable time or compromising your expectations. It was named after the Greek letter Zeta, the shape of the letter Z resembles lighting.

This means that you can confidently identify and implement the lighting solution to best suit your needs. This Zeta Slim product provides you with a superior esthetics, quality performance and unparalleled versatility that complement most lighting application.

Unleash Lighting Design!

UNPARALLELED BEAUTY

Esthetics, versatility and
quality performance.

SEE THE DIFFERENCE

Zeta slim is a unique linear series that brings any space to the center stage. These timeless, streamlined forms blend well with modern workplaces. These linear luminaries simply provide wide, powerful lighting to any atmosphere.

CCT Adjustable

Field adjustable CCT from 3000K, 3500K and 4000K by visible DIP switch.

Wattage Selectable

Field selectable wattage from 50%, 75% and 100% by visible DIP switch.

Multiple Distribution

You can choose 25% up/75% down, 100% down by visible DIP switch.

90+ CRI

Most competitor offerings reflect a 15 to 25% efficacy loss for CRI 90 compared to CRI 80, while we results in similar efficacy compared to CRI 80.

Optical Flexibility

A selection of professional lens including diffuser, louver and drop lens.

Seamless Continuous Runs

Create clean, seamless runs that are up to 40' in 120V, 100' in 277V, 120' in 347V.

Lighting Design Flexibility

Unleash lighting design flexibility with different patterns by Line, L, X, T, Y, V joiners.

The upgraded performances compared to the previous version.

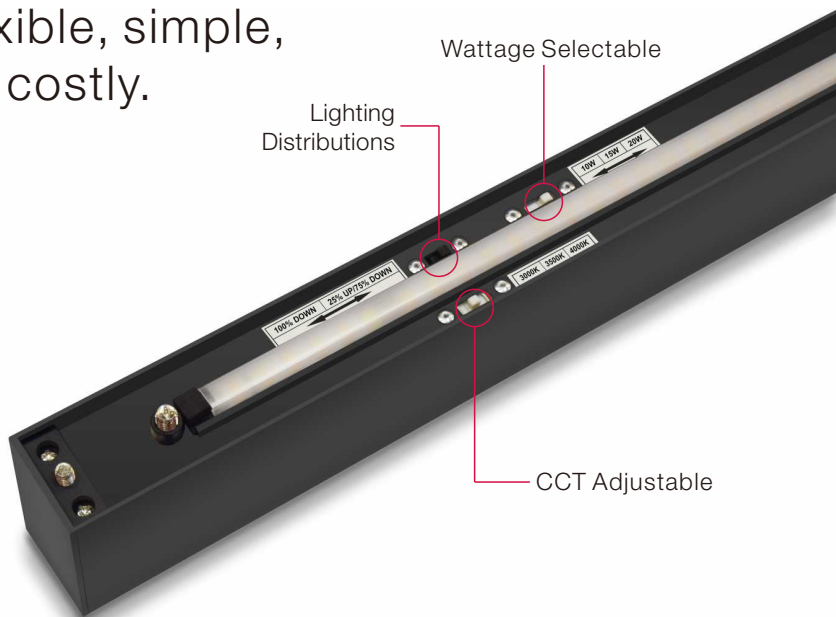

With Zeta Slim, the benefits are endless. The right light brings colors to life.

Puts flexibility at your fingertips

Precisely Controlled Light

DISTRIBUTIONS OPTIONS

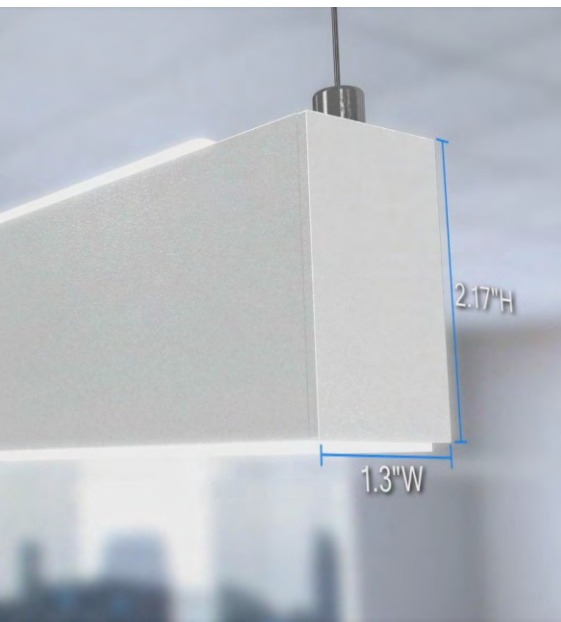

Providing flexibility
in how a space is
illuminated!

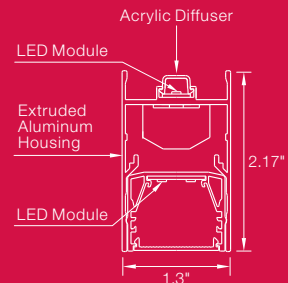

Direct & Indirect
(25%Up/75% Down)

Direct
(100% Down)

OKT understands the lighting professional's need for versatility, so we make sure your toolbox is equipped.

OPTICAL FLEXIBILITY

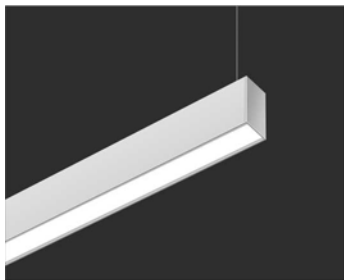

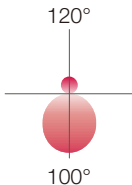

Zeta slim linear products offer a range of visually comfortable optics. Optics can soften light, prevent glare, enhance visual interest of the light source, and combine with LED modules to produce high-performance lighting. The Zeta slim linear supports architecturally integrated lighting with a choice of optics designed to create a balance between esthetics, visual comfort, and lighting performance elevate our entire architectural product line to a higher standard.

Visual Comfort

1

Diffuser

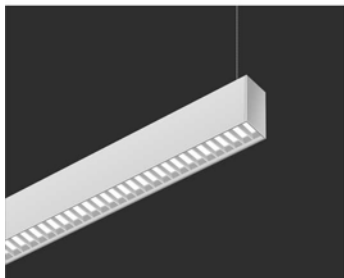

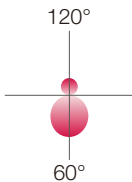

It allows the light to custom the diffuser lengths, seamless runs up to 42'.

2

Louver

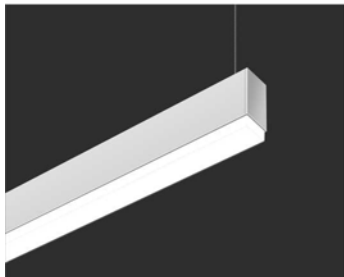

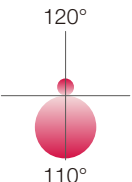

Straight blade louver allows the light to diffuse for a direct and indirect lighting combination.

3

Drop Lens

It brings wide spacing, exceptional uniformity and improved visual comfort.

THE CREATIVE DESIGN

Zeta slim linear lends itself to the creation of streamlined shapes and patterns that support a room's purpose and multiple functions. It adds fun factor into each room. Its clean look and extensive possibilities let you suggest rhythm, communicate meaning and create neighborhoods of light.

Line joiner ensures luminaire rows snap into a laser straight line.

SEAMLESS LINEAR

It's a highly engineered luminaire, joining design allows for simple and intuitive assembly in the field. Its Line joiner ensures that luminaire rows snap into a laser straight line.

One power can feed multiple lamps to minimize installation time and save labor cost. Runs of luminaires that are up to 80ft in length are designated. This means that the run is comprised of a combination 2ft, 4ft and/or 8ft sections to be assembled on site using our joining system.

- 40' in 120V
- 100' in 277V
- 120' in 347V

40' Rolling Lens

To facilitate and accelerate installation, 40' rolling lens features field-cutable diffuser for a precise finish.

VERSATILE MOUNTINGS

OKT brings a family approach that lets you coordinate these Zeta slim linear luminaires as required with style-matched pendant, surface, and wall products.

-  Pendant:
Dry ceiling and T-grid ceiling compatible.
 -  Surface
Quick install -DON'T need to remove up led module.
 -  Wall Mount
- } The same luminaire,
more flexible to keep stock.

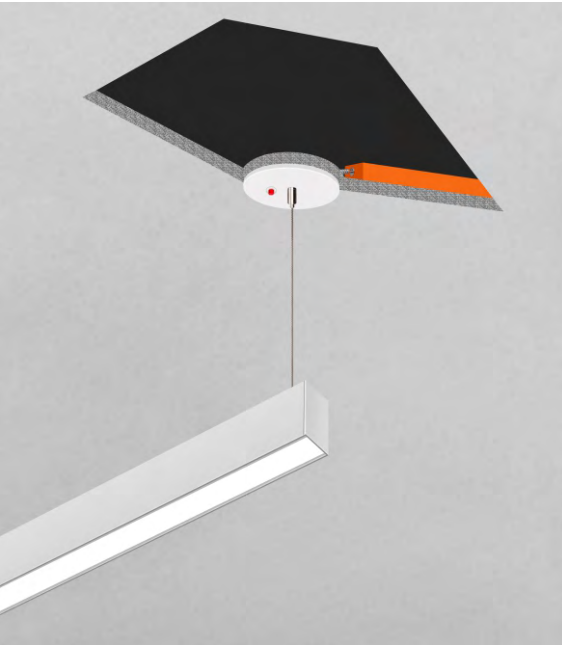

Optional Function

EMERGENCY OPTION

Up to 90 minutes
minimum in event
of power failure!

Standard

Optional 8w or 25w UL& CEC Listed high voltage LED emergency driver designed with high-quality Lithium battery can be provided and do it wire quickly in field.

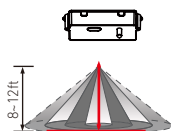

Optional Function

OCCUPANCY SENSOR

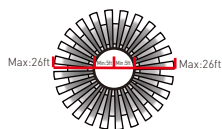

Using technology to
make spaces smarter,
more energy-saving!

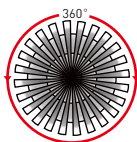

Sensor Coverage

Height of installation 8~12ft

(Height of installation 8ft)
Detection Range

Detection Angel

Provide a factory-installed integrated sensor kit for multi-level control based on motion and/or daylight contribution with daylight harvest microwave sensor from SHARKWARD.

ZETA 1.3" LINEAR OPTIONS

Mounting Options	 Pendant	 Surface	 Wall Mount			
Finishes	 White	 Black	 Custom Color			
Wattage Selectable	 2FT 20W/15W/10W	 4FT 40W/30W/20W	 8FT 80W/60W/40W
